

How to change email address through the cloudpanzer mobile application?

Changing your email address can be a daunting task, especially if you have been using the same address for a long time. However, there are several reasons why you might want to change your email address. Maybe you want to start using a more professional email address for work, or maybe you just want to change your email address for personal reasons. Whatever the reason, changing your email address is not as difficult as it may seem.

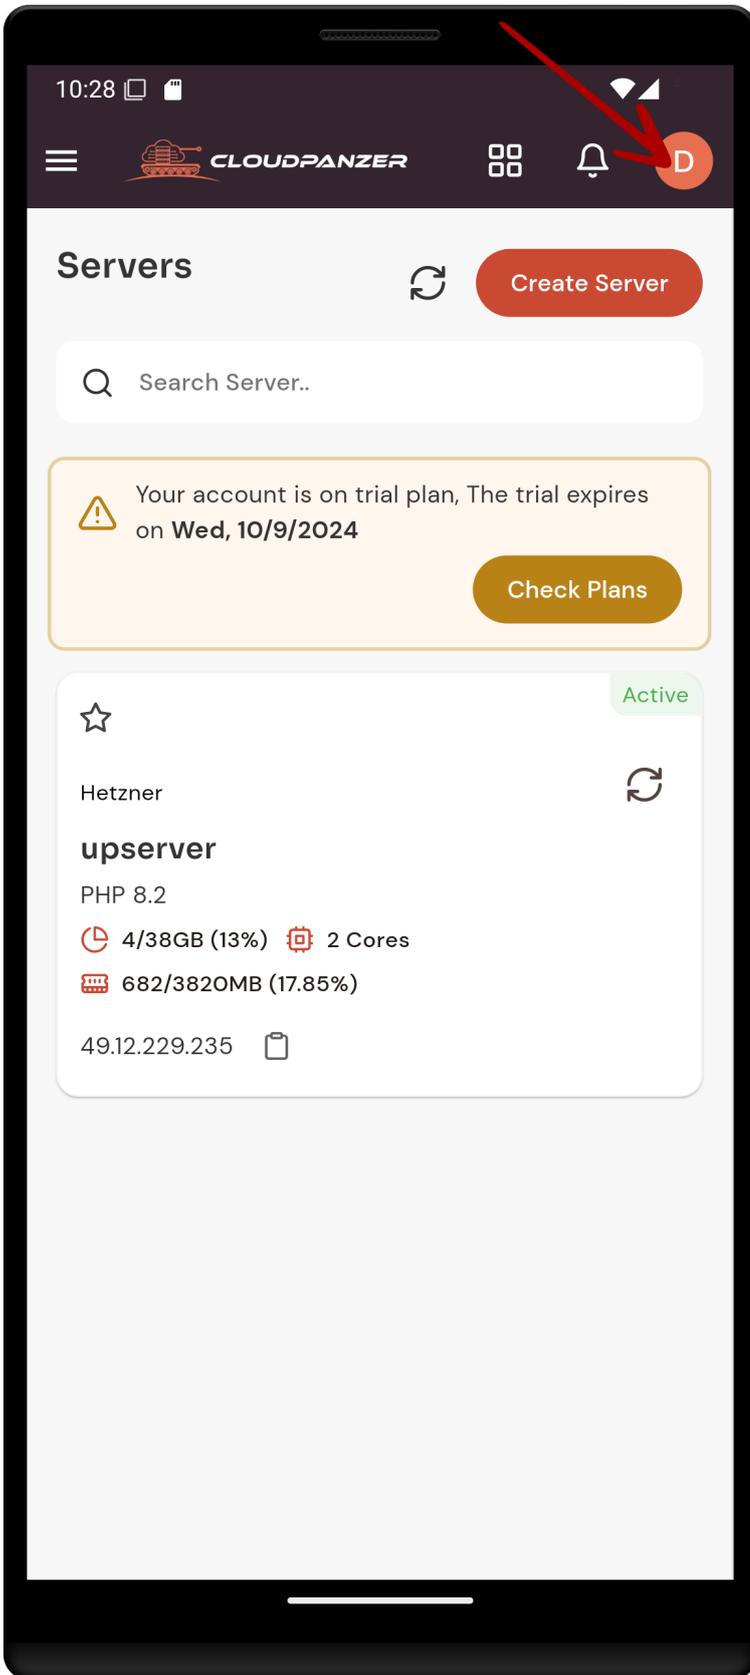

Tutorial :

You can watch the Video or Continue reading the post.

Follow the steps below to change your email address.

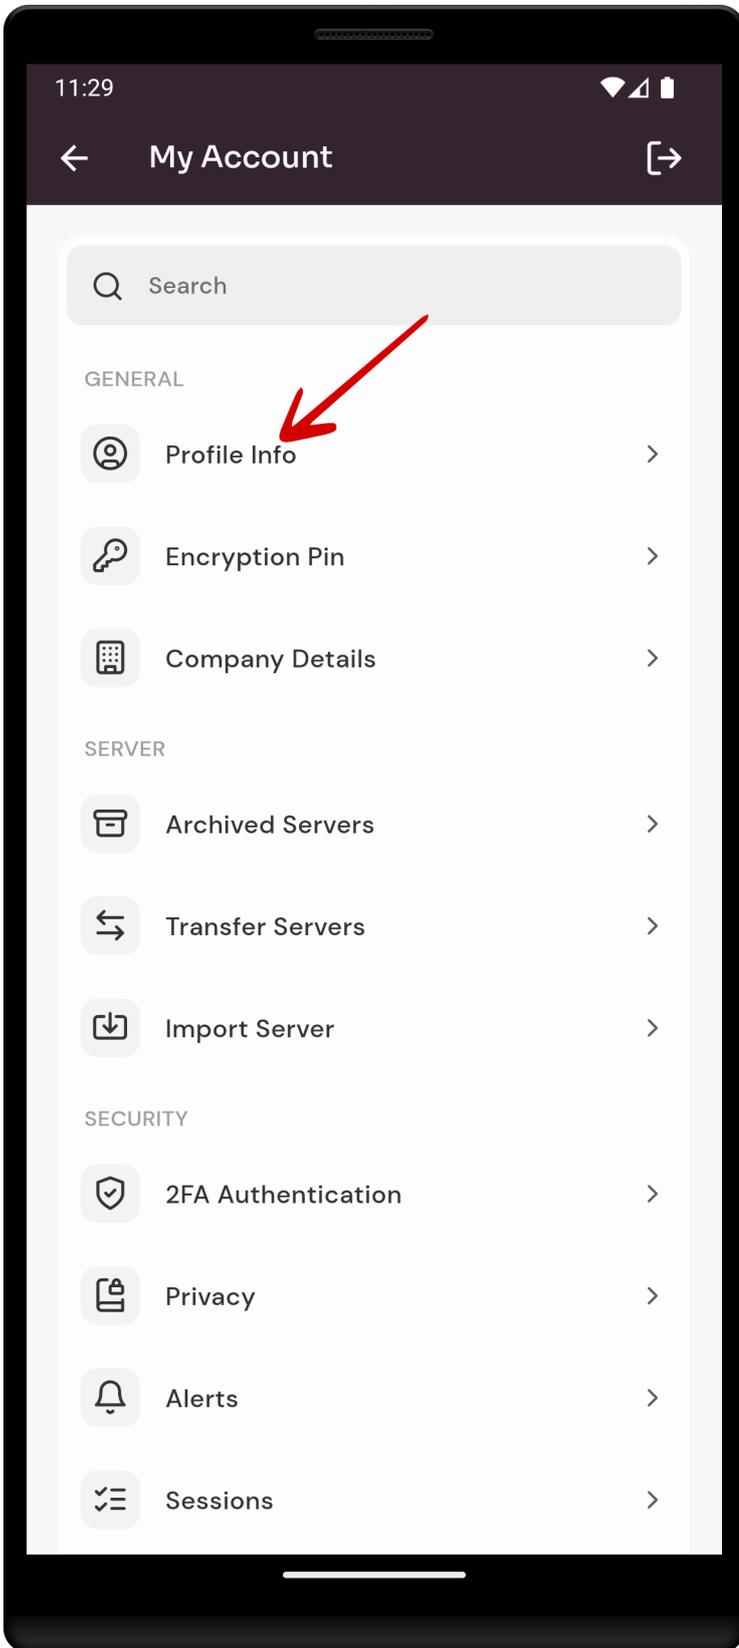

1: Once you are logged in, look for the "Account Settings" option in the menu. This may be located in a drop-down menu under your username, or it may be a separate tab in the main menu.

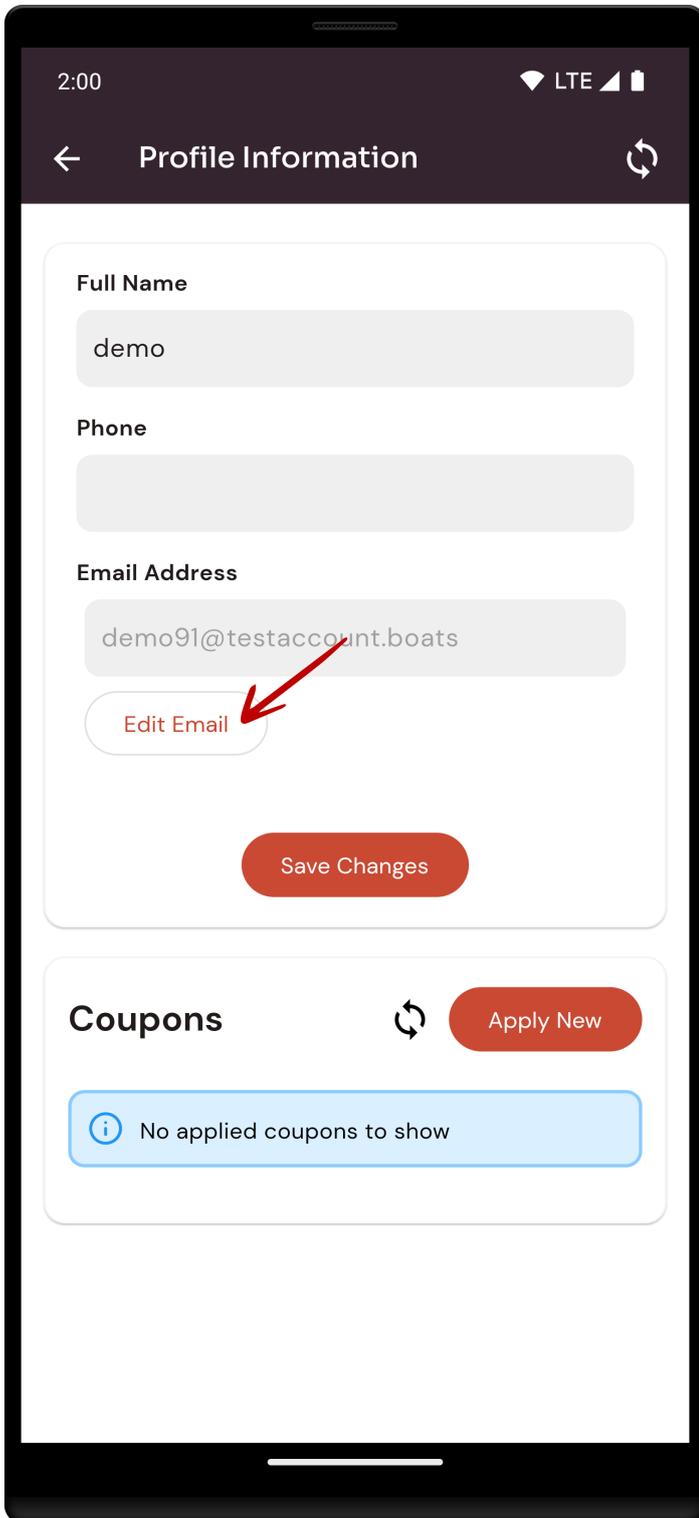

2: Click the Account Setting option.

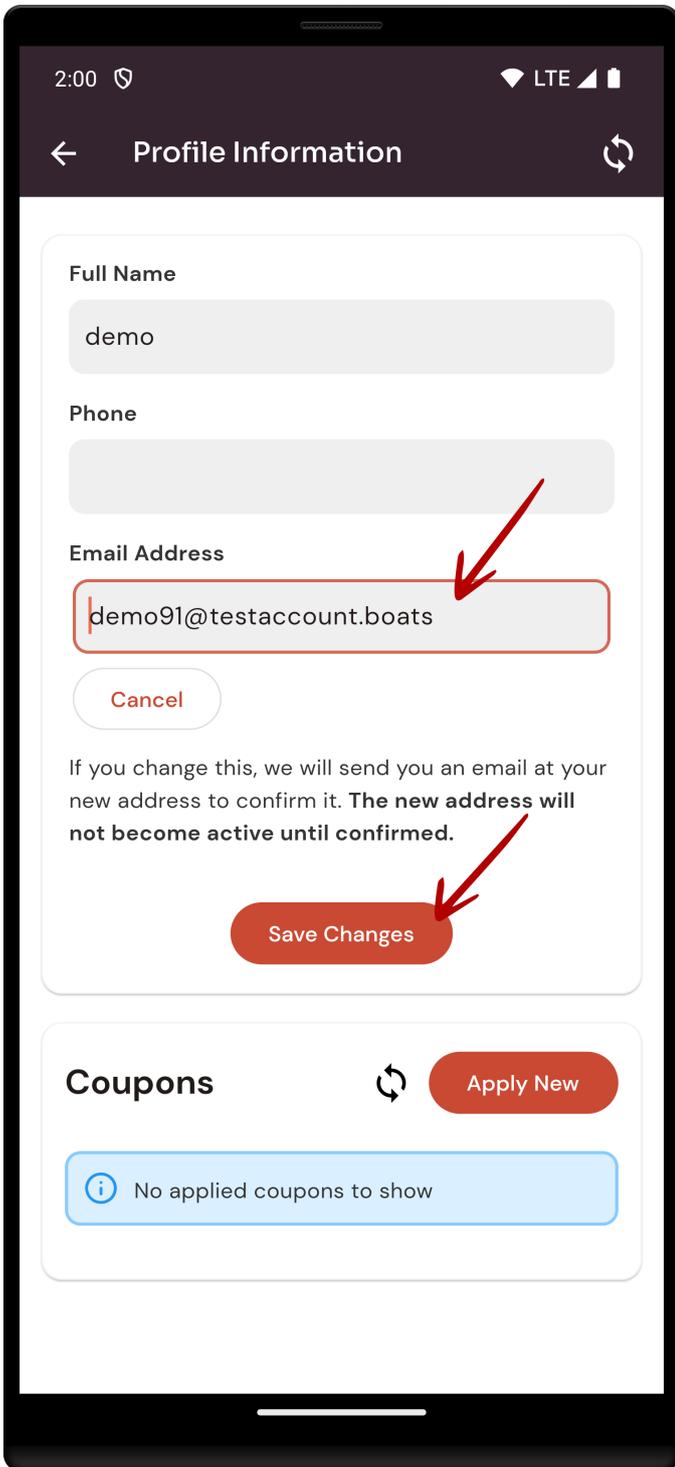

3: Select the "Profile Info" option to access the form to update your email address.

4: Click on the Edit button.

5: Enter your new email address in the designated field and Click the "Save Changes" button to update your email address.

6: Click the "Link".

Dear demo2,

We have received to change your primary email from demo2@testaccount.live to demo20@testaccount.live.

To Confirm the change, Please click this Verification [Link](#).

This link is valid for 30 minutes.

Device Information :

When - Jan, 23 2023 11:15:34 AM

IP Address - 103.41.38.100

Device Type - Dart/2.18 (dart:io)

6: Here, you can see the updated email address successfully.

The screenshot shows the CloudPanzer dashboard interface. At the top, there is a dark navigation bar with the CloudPanzer logo on the left and navigation links for Servers, Sites, Billing, Groups, and Integrations in the center. On the right of the navigation bar, there is a user profile icon labeled 'Demo2'. The main content area features a large white card with a green checkmark icon and the text 'Email Verified Successfully' and 'Your email is demo20@testaccount.live'. Below this card is a 'Go To Home' button. At the bottom of the dashboard, there is a promotional banner for the 'Pro' plan, which is currently the 'Active Plan'. The banner includes the CloudPanzer logo, the text 'Monitor and manage your servers performance and uptime from anywhere and at any time.', and an 'Upgrade Now' button.
