Follow the steps below to create Forge Integration in CloudPanzer.

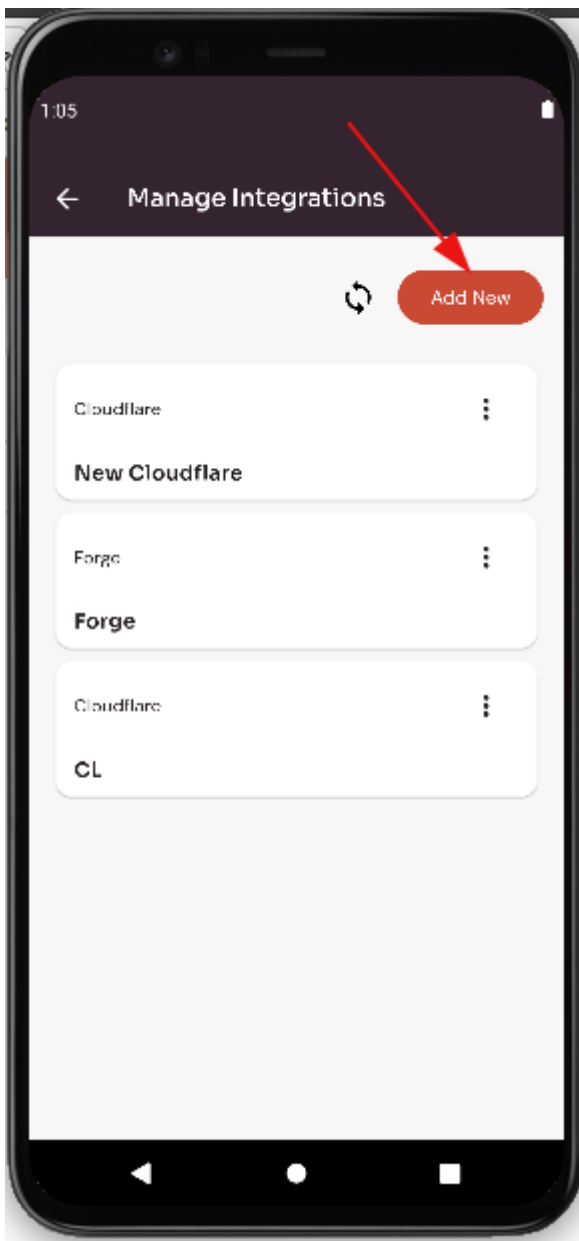

1: Once you are logged in, look for a "Drawer" option in the App bar and click the drawer button.

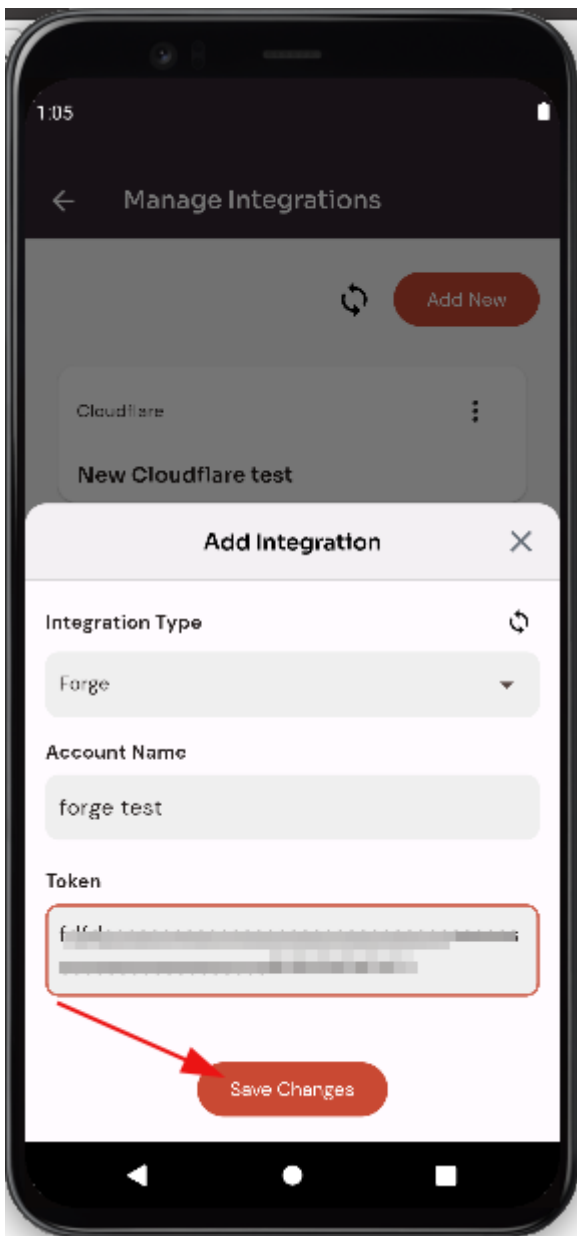

2: Select the Manage Integrations Option.

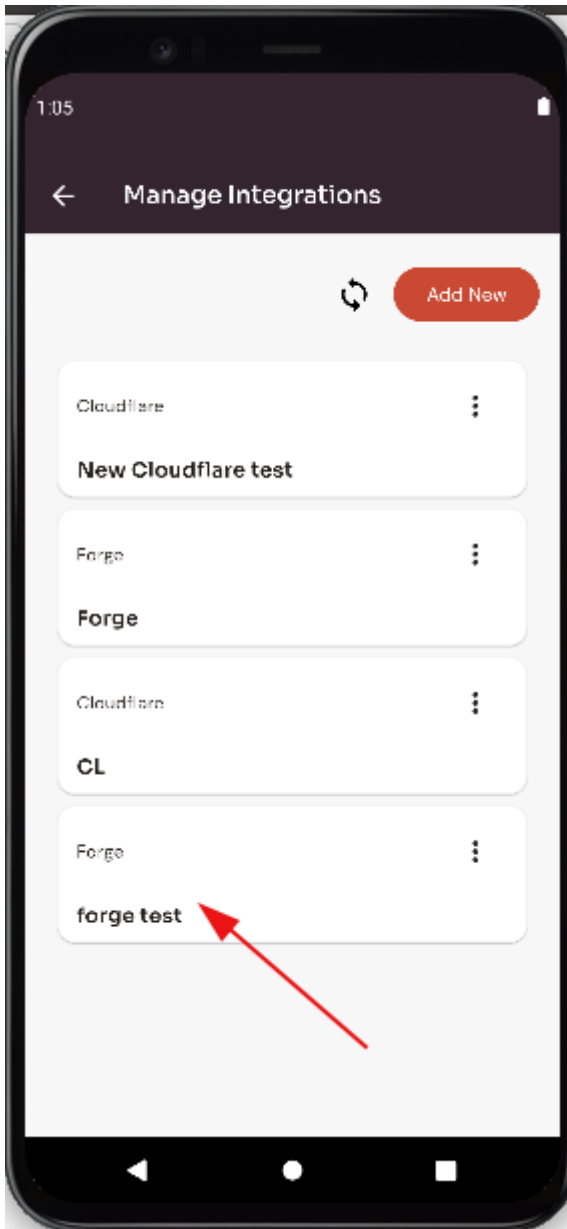

3: Click on add new button to add new Integration.

4: Fill in all Fields and select the "Forge" option from the drop-down, then click on the Save button.

Here, you can see the Forge integration created Successfully.
