Enable Site Protection :-

Navigate to the site Dashboard (Use this link to view How to Navigate)

Click on the "Enable" button.

Click on the "Yes" button.

Here, you can see the PHP My Admin Enable is successful.

phpMyAdmin

Version: 5.2.1

🔒 demo.testaccount.boats 🔗

App path: /home/demotestaccountboats/
demo.testaccount.boats

Uninstall Protection

Uninstall protection is currently enabled. If you want to make any changes, please disable this feature first.

🔒 Disable
