How to view account Sessions through the cloudpanzer mobile application?

As a web portal user, it may be necessary to view your active sessions to manage your account and ensure the security of your login information. This can be especially important if you are accessing the portal from multiple devices or locations.

Tutorial :

You can watch the Video or Continue reading the post.

Follow the steps below to view Sessions.

1: Once you are logged in, look for an "Account Settings" option in the menu. This is located in a drop-down menu under your username, or it may be a separate tab in the main menu.
