

How to add Source Controls in cloudpanzer through the website?

Follow the steps below to add Source Controls

1. Once logged in, go to the user profile.

2. Go to Account Settings.

3. Select Source Controls Options.

4. Click on the Connect button.

5. Fill in the field and click on the Save button.

Here, you can see Source Controls added successfully.

Search

- Profile
- Source Controls**
- Encryption Pin
- Alerts
- Activity
- Company Details
- Archived Servers
- 2Fa Authentication
- Sessions
- Manage Integrations
- Shell Aliases
- SSH Keys

Source Controls

You can establish connections to your source controls using API tokens.
