Follow the steps below to install Yarn in node.js on Site.

Navigate to the Node js

(Use this link to view How to Navigate).

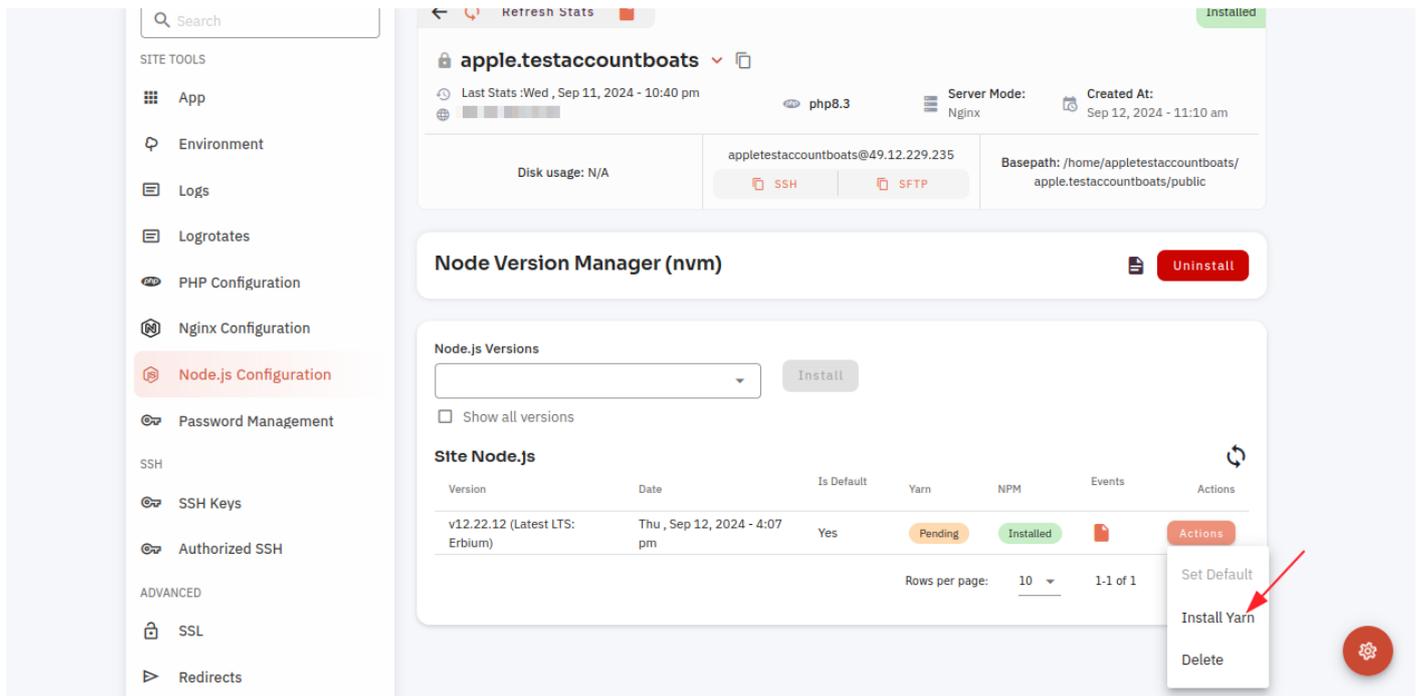

3. Click on the Action button.

The screenshot displays the CloudPanzer website interface for managing a site. On the left is a sidebar with 'SITE TOOLS' including App, Environment, Logs, Logrotates, PHP Configuration, Nginx Configuration, Node.js Configuration (highlighted), Password Management, and SSH. Below this are 'ADVANCED' options like SSL and Redirects. The main content area shows site details for 'apple.testaccountboats', including server mode (Nginx), PHP version (8.3), and disk usage. A 'Node Version Manager (npm)' section has an 'Uninstall' button. Below that, the 'Node.js Versions' section features an 'Install' button and a 'Show all versions' checkbox. A table titled 'Site Node.js' lists installed versions with columns for Version, Date, Is Default, Yarn, NPM, Events, and Actions. The table shows version v12.22.12 (Latest LTS: Erbium) installed on Thu, Sep 12, 2024 - 4:07 pm, with Yarn pending and NPM installed. A red arrow points to the 'Actions' button in the table. A red gear icon is visible in the bottom right corner.

Version	Date	Is Default	Yarn	NPM	Events	Actions
v12.22.12 (Latest LTS: Erbium)	Thu, Sep 12, 2024 - 4:07 pm	Yes	Pending	Installed		Actions

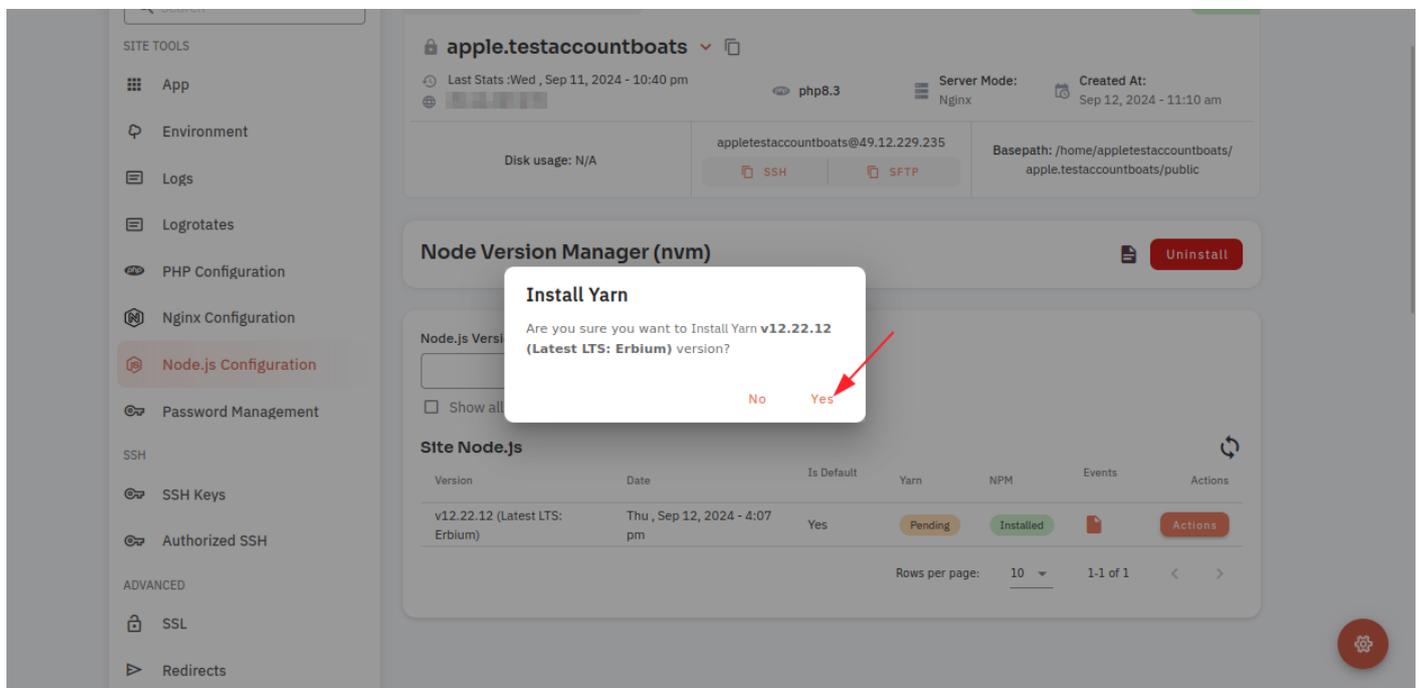

4. Select an Install Yarn Option.

The screenshot shows the 'Node.js Configuration' page for the site 'apple.testaccountboats'. The 'Node.js Versions' section has a dropdown menu set to 'v12.22.12 (Latest LTS: Erbiium)'. Below it, the 'Site Node.js' table shows the current version as 'v12.22.12 (Latest LTS: Erbiium)' with a 'Yarn' status of 'Pending' and an 'NPM' status of 'Installed'. A red arrow points to the 'Actions' button for this version, which has opened a dropdown menu with the following options: 'Set Default', 'Install Yarn', and 'Delete'. The 'Install Yarn' option is highlighted.

Version	Date	Is Default	Yarn	NPM	Events	Actions
v12.22.12 (Latest LTS: Erbiium)	Thu, Sep 12, 2024 - 4:07 pm	Yes	Pending	Installed		Actions

5. Click on the Yes Button.

The screenshot shows the same 'Node.js Configuration' page as above, but with a confirmation dialog box overlaid. The dialog box is titled 'Install Yarn' and contains the text: 'Are you sure you want to Install Yarn v12.22.12 (Latest LTS: Erbiium) version?'. Below the text are two buttons: 'No' and 'Yes'. A red arrow points to the 'Yes' button.

Here, you can see Yarn Install Successfully.

The screenshot displays the CloudPanzer Node.js Configuration page for the site 'apple.testaccountboats'. The page includes a sidebar with navigation options like 'App', 'Environment', 'Logs', and 'Node.js Configuration'. The main content area shows the Node.js configuration details, including the current version (v12.22.12) and a table of installed versions. A red arrow points to the 'Installed' status for the current version.

Version	Date	Is Default	Yarn	NPM	Events	Actions
v12.22.12 (Latest LTS: Erbium)	Thu, Sep 12, 2024 - 4:07 pm	Yes	Installed	Installed		Actions
