

How to view Daemon on a server through the CloudPanzer website?

Daemons are background processes that run on a computer, often to perform system-level tasks. These processes can sometimes generate logs that contain important information about their activity and any issues that may arise.

Prerequisites :

You must have an Active Server. You can jump to the tutorial section if the above conditions are proper, Or first follow the links below to set up the prerequisites.

How to install a Server

Tutorial :

You can watch the Video or Continue reading the post.

Follow the steps below to view Daemon.

1. Once you are logged in, look for a "Server" and click on it.

2. Click on the daemons option.

3. Click on the view option.

The screenshot shows the Cloudpanzer dashboard. On the left is a navigation menu with items like Sites, Database, PHP, Scheduler/Cron, Logs, Logrotates, Events, Backups, Nginx Configuration, Node.js Configuration, Password Management, Server Info, Panel Updates, and Server Updates. The main content area is titled 'upserver' and shows server statistics: Uptime: Mon 9 Sep - 2 Days, 21 Hours, 20 Minutes 22 second; Last stats: Thu, Sep 12, 2024 - 3:48 am; Disk usage: 3/38GB (10%); RAM usage: 532/3820MB (13.93%); CPU Cores: 2; Provider: Hetzner. Below this is a 'Daemons' section with a search bar and a '+ Add New' button. A red arrow points to the 'View' button next to the 'ls' daemon entry. The 'ls' entry shows it is running and has 1 process. Below it, the 'sudo' entry is also shown as running with 1 process.

Here, you can view the Daemon logs successfully.

This screenshot shows the same Cloudpanzer dashboard as above, but with a 'Daemon Logs' modal window open. A red arrow points to the 'View' button in the previous image, which has opened this modal. The modal has a title 'Daemon Logs' and a 'Command' field containing 'ls'. Below the command field is a dark terminal window showing the output of the 'ls' command, which is a single line containing the number '1'. The modal also has a 'Close' button in the bottom right corner.
