

# How to view Scheduler through the cloudpanzer website?

A scheduler is a useful tool for organizing and managing tasks, appointments, and events within Cloudpanzer. It allows users to schedule and track the progress of their work, as well as collaborate with others.

## Prerequisites :

You must have an Active Server. You can jump to the tutorial section if the above conditions are correct, or first follow the links below to set up the prerequisites.

## How to install a Server

## Tutorial :

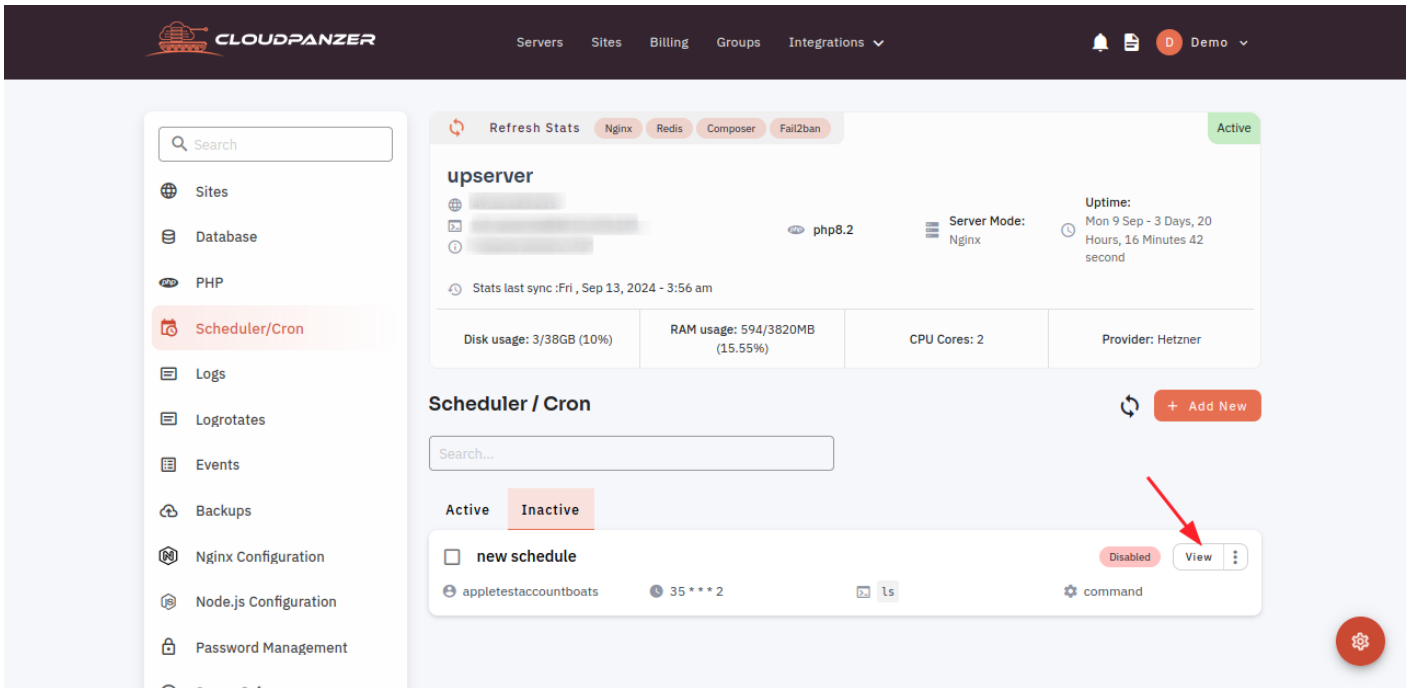

**You can watch the Video or Continue reading the post.**

Follow the steps below to View a Scheduler

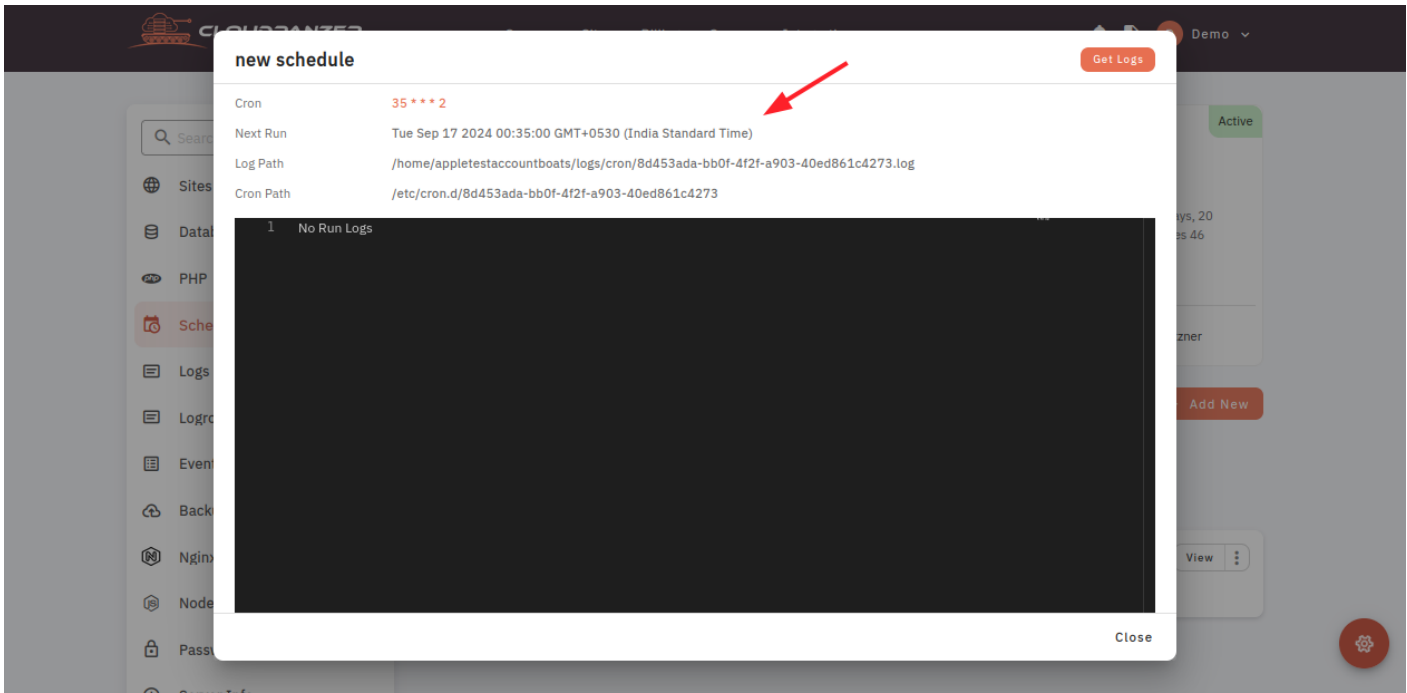

## Navigate to the Scheduler

**(Use this link to view How to Navigate**

3. Click on the view button.

Here, you can view the scheduler.
