# How to view system key events on server in CloudPanzer?

## Follow the steps below to view system key events

1: Once logged in, look for a "Server" and click on it.

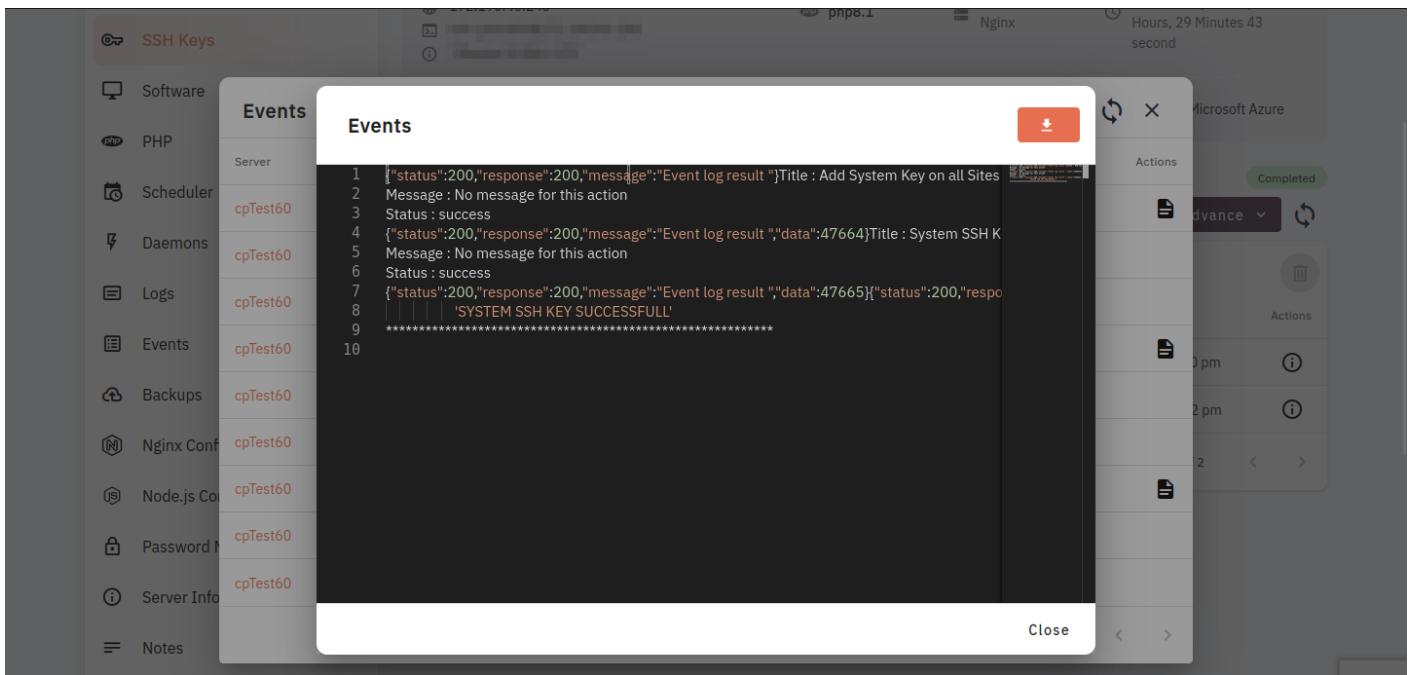

2. Click on the SSH Key option.

3. Click on the system key events option.

4. A dialog box with the list of events will show. Then, click on the events file icon.

5. Here you can see the logs of event file successfully.
